### FloorFlex® Plus

FloorFlex® Plus is a textured, 30.97 oz. printable floor substrate suitable for Latex and UV printers. The lay flat material is engineered with a certified non-slip surface and a latex padded backing. The material is ideal for indoor use but may be used outdoors for short durations. Recommended applications for FloorFlex include corporate lobbies, waiting areas, foyers, tradeshow booth floor graphics, catwalks and various types of promotional events. Available face-out in 78" and 124" rolls.

### UltraCarpet® Extra

UltraCarpet® Extra is a white tufted pile carpet made for solvent, eco-solvent, UV and Latex printing. Ink will not scratch off and drying time is minimal. The material is best suited for indoor, digitally printed carpet or doormats and is ideal for use in corporate lobbies, waiting areas, foyers, tradeshow booths and floor graphics. Ultra Carpet Extra® is engineered for indoor use but may be used outdoors for short durations Available in 71", 126" and 196" widths.

### FloorScapes® Clear Media 70 mil

The Ultraflex graphic floor category has been expanded with the introduction of Floorscapes®, a 70 mil, 65 oz durable clear vinyl floor graphic media. The product was engineered for businesses interested in a smooth embossment floor media to support image clarity and color precision for brand consistency and custom graphics. Designed for digital and screen grand format printers, both solvent and UV curable, Floorscapes can be used stand alone or backed with adhesives. Graphic flooring is an exciting way to create visual interest in any location. A custom floor design either dramatic or subtle can easily transform a space and compliment other digital graphic design elements such as wallcovering, ceiling and textile displays for endless application settings. Floorscapes is available in a clear smooth finish. Available in 120" x 60' roll.
