

Ultraflex has pioneered the development of a wide array of quality media for HP Latex ink technology. Through extensive testing and qualifications, Ultraflex is among the first in the industry to offer a range of products that are “**Certified for HP Latex Inks**”.

Materials have been hand-selected to offer customers a versatile and diverse range of products for certification including front-lit banner vinyl, blockout banner vinyl, vinyl mesh with liner, repositionable fabric, art-canvas, earth-friendly fabric and wallpaper.

Products have been tested and certified for superior compatibility with the following HP Latex printers: HP Latex 260, HP Latex 280, HP Latex 820, HP Latex 850, HP Latex 300 Series & HP Latex 3000 Series. In order to achieve certification, each product has successfully passed a comprehensive testing process including but not limited to the following criteria:

- creation of ICC profiles
- print quality/output results
- printer-media interaction
- image handleability/performance

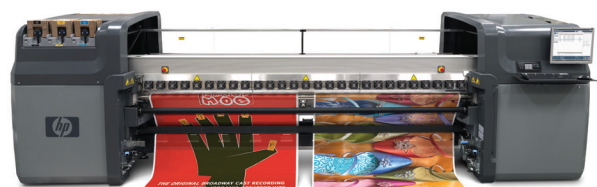

The products listed below have been certified for HP Latex inks and have an ICC profile available under the HP Latex certification. To download ICC profiles, visit the Ultraflex website, ultraflexx.color-base.com and key in the corresponding Profile ID #.
